Dear John:

Enclosed is a token of my appreciation for a job well done. You are truly a professional and you showed that loud and clear with your preparedness during the Louie Anderson show. Only real professionals plan back-up situations and are ready to go. You have demonstrated your commitment to your profession numerous times throughout the Bud True Music Competition. Going above and beyond the call of duty like you did for the Louie Anderson show is truly an impressive showing of your integrity.

Please treat your wife to any of our restaurants at your convenience. Thanks again.

Sincerely,

Brian A. Daugherty
Vice President of Marketing
