Dear John,

I would like to take this opportunity to thank you for your contribution towards the commencement exercises of the James Monroe High School Class of 2005. The sound system was outstanding and exceeded our expectations. It is through the support of community people, like yourself, that James Monroe continues to meet the needs of our students. The entire evening was a huge success, due in part to your assistance. Your time, effort, and expertise were greatly appreciated.

Again, thank you.

Sincerely,

  
Daryl H. Chesley, Ed.D.  
Principal
