Dear John:

At the October meeting of Our Saviour Church Council, Mr. Frank Schmid (Worship and Music Team Leader) requested a motion of thanks to you for your fine work installing our new sound system.

The council unanimously voted to extend this thanks and it is my privilege to convey these sentiments to you. We were blessed that Ron Barwick, Worship and Music co-leader on the Council, identified you and worked with you on the sound problems/needs in our sanctuary. Frank commented at the meeting on what a fine job you did for us.

We are finding the new system works well and appreciate the time you took in fine tuning it. Our sincere thanks for your gift of time and talent to install this system for us.

Sincerely

Rose E. Anderson, Council Secretary
